Subject: Cultural Resources Concurrence Request, Green River Resources Inc. Bruin Point Mine, Carbon County, Utah, M0070040, Carbon County, Utah

Dear Ms. Hunsaker:

The Division of Oil, Gas and Mining has received a proposal from Green River Resources, Inc., to conduct large mining operations on private lands in Sections 2, 3, and 10, Township 14 South, Range 14 East, Carbon County, Utah. Enclosed with this letter is a copy of the surface facilities map provided by the operator.

The Division was notified that the operator's consultant, the Museum of Peoples and Cultures at Brigham Young University, provided you with a copy of an archaeological inventory including site forms and photographs printed on archival paper. The Utah State Project Authorization Number is U-11-BC-0801p, and the Principal Investigator Permit Number is 67.

The Division has determined there will be No Adverse Effects to significant cultural resources, and we seek your concurrence with this determination. As proposed, the mine will be about 1200 feet from the historic Asphalt Mine and Asphalt Mine Tramway.

Thank you for your assistance. Please call me at 801-538-5261 if you have questions about this request.

Sincerely,

Paul B. Baker  
Minerals Program Manager
